

Convexity, Symmetry and Optimization

Idea by Jörg M. Wills; Image by Peter Scholl

Rostock Seminar
celebrating 77 years with Jörg M. Wills

10.-11. April 2014

Organized by Martin Henk and Achill Schürmann

Rostock Seminar
Convexity, Symmetry and Optimization

Program

Thursday, 10. April 2014:

(Aula, [Hauptgebäude](#))

16.15 Welcome

16.20-17.20 Peter Gritzmann (München):
On discrete tomography of particle tracking

17.30-18.30 Rolf Schneider (Freiburg):
From Reuleaux triangles to Stonean spaces:
On diametric completions

afterwards walk to
19.00 joint dinner at [Rathaus Arkaden](#)

Friday, 11. April 2014:

(Aula, [Hauptgebäude](#))

09.30-10.30 Peter McMullen (London):
Realizations of symmetric sets

10.30-11.00 coffee break

11.00-12.00 Peter Gruber (Wien):
The Voronoi method
